

Nedeva's generous deck space is one of the features of this yacht. Occupying the entire portion of the boat behind the dock house, the aft deck utilizes the full width of the boat and is furnished with a table and many comfortable chairs

NEDEVA, E. T. STOTESBURY'S 77-FOOT CRUISING YACHT

Photographs—F. E. Geisler, Palm Beach

Nedeva is shown above tied up at Mr. Stotesbury's dock at Palm Beach, where she was used during the past winter. Designed and built by the New York Yacht Launch and Engine Company, she measures 77 by 16 feet and is equipped with two 100 h.p. gasoline 20th Century motors

The deckhouse arrangement includes a combination dining and living room. Houses are of mahogany, decks are teak, and the hull is double-planked. She is custom built from a standardized design
